

Technology Graduate Programme 2019

A new perspective

HSBC Technology in numbers

HSBC is one of the largest banking and financial services organisations in the world. Our global businesses serve more than 39 million customers in 66 countries. We aim to be where the growth is, enabling businesses to thrive and economies to prosper and, ultimately, helping people to realise their ambitions.

HSBC Technology develops best products, services and processes to make life simpler, better and faster for HSBC customers. We're opening **Technology Graduate Programme**, two-year rotational programme, to innovate the way we serve our customers and transform HSBC, the world's leading international bank.

40,000 technology professionals

Over the next **2 years**, we'll be investing **USD15-17 billion** to fuel our growth through technology and making banking simpler, better and faster

Our platforms serve more than **39 million** customers

We process **USD1.5 trillion** of payments a day

On **90,000+** servers

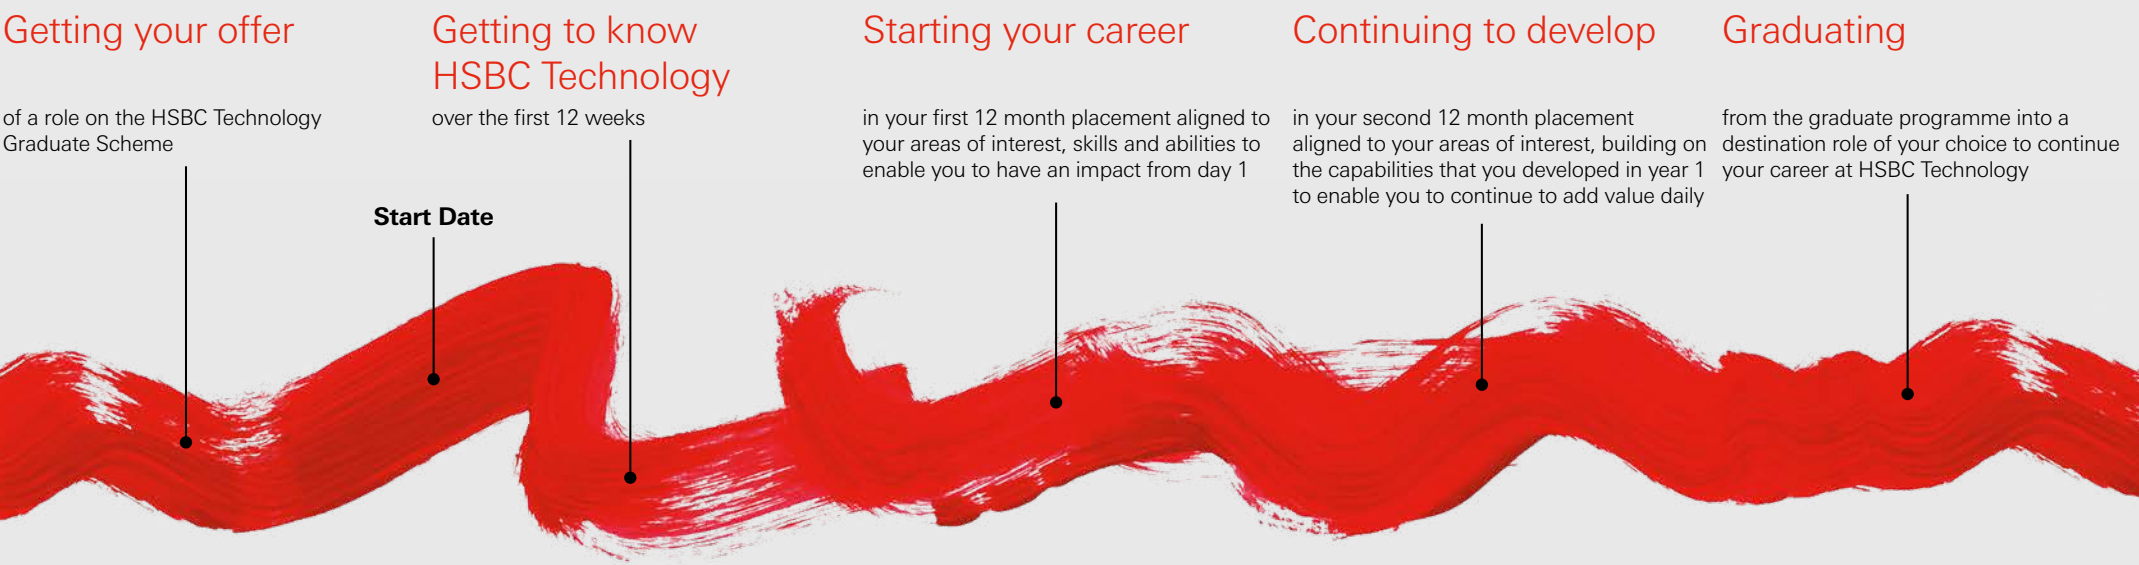

We run more than **6,300** services

Using **102 PB** of data

The Technology Graduate Development Programme:

SUPPORT FOR CONTINUOUS DEVELOPMENT THROUGHOUT THE PROGRAMME

Prior to joining
you will have the opportunity to connect and engage with HSBC Technology through regular communications and activities

As part of the 12 week induction you will join the **2019 Group Graduate Induction in London** to learn about HSBC and Technology, to network, socialise and make connections across the Bank

You will then have the opportunity to learn key technology foundation skills before attending our **5 week technical training programme in India:**

Mobile
API
Analytics
Cloud
Cyber Security
Ways of Working

Each rotation role has a specific learning curriculum already mapped out and available through the Technology on line learning platform, to support your continuous learning wherever and whenever works best for you

Personal and professional skills development days will be scheduled throughout the 2-year programme to support the development of core and common capabilities, giving you an opportunity to not only learn new capabilities, but also to reconnect with your regional cohort as a whole

Alongside this, you will receive ongoing **technical skills training** through the specific technical learning curriculum developed to support your role

Extra-curricular and Corporate Social Responsibility activities will be in place to enable you to keep in contact as a cohort and to 'give back' to HSBC and the local communities which we serve

Ongoing support
throughout your Technology career as your career journey continues, and you continue learning, developing and supporting others in the roles and locations of your choice within HSBC

SUPPORT COMMUNITIES

Graduate Committee
which is formed by members of the graduate community in each region which is sponsored by an ExCo member and is supported by a Graduate SteerCo

Manager Community
as a support community which includes Line Managers, Graduate Development Manager, buddies, mentors and Technical Learning Coaches

Communities of Practice
are in place across Technology where people with similar technical interests can meet and share thoughts and ideas

Employee Resource Groups
which focus on gender, age, ethnicity, LGBT+, faith, working parents and carers, and ability are available for everyone to connect with across HSBC globally
